

Have you ever wanted to take a European River Cruise, but resisted because you wouldn't be able to enjoy whole food, plant-based meals?

NHA is working with Avalon Waterways to offer a European River Cruise from October 5-12, 2019, where all of your meals will be whole food, plant-based and without added salt, oil, or sugar! Wanda Huberman, NHA Conference Chair and Event Coordinator, will be coaching the chef to ensure that all meals meet our specifications, much like she has done with the chefs for our NHA conferences. Avalon management is interested in trying this method of food preparation as it complements their active, discovery-style cruises targeted at people who strive for optimal health. Avalon includes excursions for travelers with varying interests and fitness levels. From action-packed experiences and interactive discoveries, to traditional sightseeing, you can tailor your vacation to suit your interests and pace.

The ship will not be completely plant-based in 2019, but if there are enough of us willing to purchase all of the staterooms in the future, our NHA river cruises will be completely plant-based!

The 8-day River Cruise will be October 5-12, 2019, embarking from beautiful Mainz, Germany and ending in Amsterdam, Netherlands. Several promotions are available depending on how soon you book the cruise. One promotion for 2019 is **waived single supplements, which means that solo travelers pay the same per person price as double occupancy. May not be combined with the \$1250 off.**
